APPLICANT'S CERTIFICATION

I certify that answers given herein are true and complete to the best of my knowledge. I also authorize Metals 2 Go ("company") to investigate all statements contained in this application and to request information about me from previous employers, educational institutions, reviewing criminal conviction and driving records, and verifying any other relevant information about me. I expressly authorize my previous employers to provide information and opinions concerning my work and work habits. Further, I release all parties and persons connected with any requests for information from all claims, liabilities, and damages for whatever reason, arising out of furnishing any information that may be sought in arriving at an employment decision. In the event of employment, I understand that false or misleading information given in my application or interview(s) may result in dismissal.

AT-WILL EMPLOYMENT

I understand that if the company hires me, my employment is at-will, which means that it may be terminated by the company or me at any time, for any reason or no reason. I also understand that this employment-at-will policy may not be modified except in writing by the President of this company.

APPLICANT CONSENT TO DRUG TESTING

I understand that a requirement for employment with Metals 2 Go ("company") is that I cooperate with and successfully complete a physical examination and a drug screening for controlled substances. A positive test or lack of cooperation will disqualify me at this time from further consideration for employment. Lack of cooperation includes alteration of my system or the specimen in a manner that prevents accurate testing, including but not limited to drinking excessive liquids. I understand and agree that any offer of employment which the company extends to me is conditioned upon my cooperation and satisfactory results from the drug testing; and if I begin work prior to taking this test or the results of the tests having been received, my employment is contingent on those results.

The sample collection, supervision of chain of custody and testing procedures will be handled by an outside service designated by the company in a manner to insure, to the maximum practical extent, the objectivity and integrity of the process. If there is reason to believe you tamper with, alternate or in any other way attempt to dilute the specimen, the second specimen will be collected under direct observation of a same gender collection person. By my signature I hereby agree, in the event that I am offered a position with the company, to provide a sample at the designated facility and agree and consent to have such sample tested for the presence of controlled substances. I authorize the release of test results to the company for its use in evaluating me for employment. I release the company from any and all liability and claims incident to the sample taking, testing and the use of the results.

After being hired as an employee of Metals 2 Go, drug testing is performed on a random basis as a condition of continued employment with the company. An employee can be tested at any time and is expected to co-operate with the testing procedures as listed above. If an employee tests positive, the employee will be disciplined, up to and including termination.
